A3 BLACK AND WHITE PRINTER

# FAST, PRODUCTIVE, EFFICIENT AND RELIABLE

Efficient modular design, together with a full range of paper cassettes and finishing options, enables you to easily put together the perfect printing solution.

- > 51 pages per minute in A4, 26 pages per minute in A3
- > 128MB memory standard, upgradeable to 640MB
- > Duplex and network connectivity as standard
- > 100 department codes to track and control printer use
- > High volume paper options and versatile finishing features
- > Long-life components and easy maintenance

Product depicted includes optional extras

Wonderfully fast and reliable, this printer also comes with a highly functional modular design that large departments need to get the job done. With a print speed of 51 pages per minute, the KYOCERA FS-9530DN can handle large print volumes faster than you thought.

ECOSYS stands for ECOlogy, ECONomy and SYStem printing. With their long-life components, ECOSYS devices are designed to maximise durability and minimise the total cost of ownership with regard to maintenance, administration and consumables. The cartridge-free system means that the toner is the only consumable and hardly ever needs to be replaced. The modular design concept allows you to add workflow-enhancing functions as required and the integrated system software provides long-term cross-network compatibility.
